Many Americans mistakenly
believe that Veterans Day is
the day America sets to honor
American military personnel
who died in battle or as a
result of wounds sustained
from combat. Veterans Day,
on the hand, honors **ALL**
American veterans, both
living and dead.
In fact, Veterans Day is
largely intended to thank
LIVING Veterans for
dedicated and loyal service to
their country.

NOTE , if I did not get the
Branch of Service, I listed
them in the **ARMY**
